

FLORIDA CHAMBER OF COMMERCE - KEEPING YOU INFORMED  
**Spotlight on Tariffs**

Recently, amid talk of a trade war, the Florida Chamber of Commerce weighed in on the impact tariffs imposed on allied countries and expressed concerns for its potential impact on Florida's job creators. In the most recent edition of the Florida Chamber of Commerce's *International Newsletter*, Alice Ancona, Director, International Strategy & Policy, at the Florida Chamber's International Trade and Investment Office, shared:

*"Tariffs are taxes. With the help of the business community and support from statewide organizations, we have worked hard to reduce the cost of doing business and eliminate burdensome taxes to ensure Florida remains the most competitive state in the nation."*

The Florida Chamber will continue to monitor these issues and keep you informed. [Click here](#) to read our full statement.

How has the recent talk of a trade war impacted your business and/or community? Simply reply to this email to share your story.
